

Designed by Simon Pengelly, the VARYA collection is a truly transversal and functional family of chairs that easily crosses the boundary between public and domestic spaces. The VARYA family configures one of the largest and most complete ranges on the market. With an elegant and refined design, VARYA allows to furnish different types of spaces with the same family of seating, keeping always coherent project aesthetic. Different chairs, armchairs, stools and benches are generated by combining comfortable seats with an extense range of bases. The broad variety of combinations, together with the extensive range of available finishes, allow endless possibilities of customization without altering the unique character and timeless spirit of this original family designed for inhabiting the most diverse array of settings and contexts.

**ECOLOGY**

Product environmental data sheet [+info](#)

INCLASS production processes are certified according to environmental ISO 14001 quality standards and are carried out through the reduction of waste and energy consumption in order to minimise any impact on the environment.  
ISO 14001 certificate [+info](#)

● Products marked with a green dot have achieved GREENGUARD Gold Certification. GREENGUARD Gold Certificate [+info](#)

**QUALITY STANDARDS**

ISO 9001 certificate [+info](#)

The quality management system of INCLASS is certified in accordance with ISO 9001 in all the design, manufacturing and sales procedures of its products.

UNE EN 16139:2013vc2015.

ANSI/BIFMA X5.4:2012.

*INCLASS products have been extensively tested to exceed industry testing standards at AIDIMME. In collections with many models, tests are carried out in the most critical versions. AIDIMME is member of the European network INNOVAWOOD and its testing laboratories are accredited by ENAC.*

Take a look at the certificates available in the VARYA TAPIZ collection. The upholstery hardly influences in the strength, durability and safety test results.
